

# TO MY SURPRISE

<http://www.myspace.com/tomysurprise>

To My Surprise is startlingly fresh, unashamedly melodic, and at once challenging and familiar. Light and dark. Melody and grit. Influences not to be measured in bands or songs, but in decades. One song recalls Detroit proto-punk, while the next might mingle with infectious pop, then lock-step guitar groove, and so on, until you arrive at the fiercely modern sum of this album's parts. Press across the globe is has been buzzin around this band since its conception, and with good reason: To My Surprise co-songwriter and drummer is none other than Clown, mad-genius and one of the founding members of Slipknot.
